NOTICE OF PROPOSED RULE MAKING

Adopted: January 17, 1997 Released: January 24, 1997

Comment Date: March 17, 1997
Reply Comment Date: April 1, 1997

By the Chief, Allocations Branch:

1. The Commission considers herein the petition for rule making filed on behalf of Browns Well Broadcasting ("petitioner") requesting the allotment of Channel 241A to Salome, Arizona, as that locality's first local aural transmission service. Petitioner stated an intention to apply for Channel 241A if it is allotted to Salome, as requested.

2. Petitioner states that Salome (pop. 950),¹ is located along Route 60, and is approximately 45 miles from Wickenburg. Petitioner also reports that as Salome has an airport and a sheriff's office it is a "community" for allotment purposes, citing *Mighty-Mac Broadcasting Company* ("Mighty-Mac"), 101 F.C.C. 2d 303, 58 RR 2d 599 (Rev. Bd., 1985) (a community with a population of 750 persons and a local post of the state police was held to be a "community" within the context of Section 307(b) of the Communications Act).

3. Initially, petitioner's reliance on *Mighty-Mac*, *supra*, is misplaced in the allotment context. Section 307(b) of the Communications Act of 1934, as amended, requires that the Commission allot channels "... among the several States and communities." The Commission has defined "communities" as geographically identifiable population groupings. Generally, if a community is incorporated or listed in the U.S. Census, that is sufficient to satisfy its status. Absent such recognizable community factors, the proponent of a channel allotment must demonstrate the place to be a geographically identifiable population grouping. *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88, 101 (1982). Although the proponent of the allotment does not need to show that the borders of the locality are precisely delineated, it must show that residents of the locality are commonly regarded as a distinct group. This can be

¹Population figure was presented by the petitioner, based upon information extracted from the "1995 Rand McNally Atlas." According to Census Bureau data, Salome was attributed with a population of 1,279 in the 1990 Census report. Therefore, we request the petitioner to clarify the population of Salome in its comments.

proven by the testimony of local residents or by objective or subjective evidence indicating the existence of a community. *Beacon Broadcasting*, 2 FCC Rcd 3469 (1987), *aff'd*, 2 FCC Rcd 7562 (1987). Some examples of objective indications of community status include the existence of political, social, economic, commercial, cultural or religious organizations and services in the community. *See Kenansville, Florida*, 5 FCC Rcd 2663 (Policy & Rules Div. 1990), *aff'd* 10 FCC Rcd 9831 (1995). As Salome is not listed in the Census, and based upon the petitioner's initial presentation, we cannot determine its community status under the *Beacon Broadcasting* or *Kenansville* test. Therefore, petitioner is requested to provide additional information regarding the attributes of Salome, Arizona, consistent with the above guidelines. Failure to provide the requested information will result in a denial of the proposal.

4. We believe the petitioner's proposal to provide Salome, Arizona, with its first local aural transmission service, should it ultimately be deemed a community for allotment purposes, warrants additional consideration. Therefore, we invite comments on the proposal, as indicated *infra*.

5. Channel 241A can be allotted to Salome, Arizona, in conformity with the minimum distance separation requirements specified in Section 73.207(b)(1) and (3) of the Commission's Rules, without a site restriction, utilizing coordinates 33-46-54 and 113-36-42. However, as Salome is located within 320 kilometers (199 miles) of the Mexican border, the Commission must obtain the concurrence of the Mexican government to the proposal.

6. Accordingly, we seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with regard to Salome, Arizona, as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Salome, Arizona	--	241A

7. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

8. Interested parties may file comments on or before March 17, 1997, and reply comments on or before April 1, 1997, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission,

Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner's counsel, as follows:

9. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b) and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
